

## **The Boreal Forest - 30-Second – Captioned for the Visually Impaired**

MUSIC: "HINTERLAND WHO'S WHO" THEME

ANNOUNCER (V.O.):

Home to migratory birds, moose, and more, the Boreal forest supports many species.

*[Owl, different birds, moose]*

It covers more than half of this country's land mass, and is part of a much larger global ecosystem.

*[Aerial view of the forest]*

By working together to balance the requirements of people and nature, we can ensure that the ecosystem in the Boreal forest continues to meet the needs of future generations.

*[Black bear family]*
