

## **The Common Loon - 30-Second – Captioned for the Visually Impaired**

MUSIC: "HINTERLAND WHO'S WHO" THEME

ANNOUNCER (V.O.):

For many of us, the haunting call of the common loon on a still lake captures the essence of the Canadian wilderness. Most loons mate for life, returning to the same lake year after year.

*[A common loon swimming]*

But development, pollution, and human recreation are chasing the loons from their natural habitat—threatening their future.

*[Common loon babies in the nest near water]*

To learn more about the loon and discover how you can help protect Canada's wildlife, visit [hww.ca](http://hww.ca).
