

Wildlife in Winter - 30-Second – Captioned for the Visually Impaired

MUSIC: "HINTERLAND WHO'S WHO" THEME

ANNOUNCER (V.O.):

In the Canadian winter, wildlife is never very far away. Some species are easy to spot.

[Snowstorm. deers in the forest]

Active animals leave prints in the snow. Some of them have wide paws, like snowshoes. Others hibernate all winter.

[Lynx in the snow]

Many species have adapted to life in the cold, so go out there and enjoy winter wildlife. And that's a just start.

[Moose]
